PROXY STATEMENT

**ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON FRIDAY, DECEMBER 12, 2014**

SOLICITATION OF PROXIES

The enclosed proxy is solicited by the Board of Directors of Towerstream Corporation (referred to as the “Company”, “we,” “us,” or “our”) for use at the annual meeting of the Company’s stockholders to be held at 88 Silva Lane, Tech IV, Middletown, Rhode Island 02842 on December 12, 2014, at 9:00 a.m. Eastern Standard Time and at any adjournments thereof. Whether or not you expect to attend the meeting in person, please vote your shares as promptly as possible to ensure that your vote is counted. The proxy materials will be furnished to stockholders on or about October 31, 2014.

REVOCABILITY OF PROXY AND SOLICITATION

Any stockholder executing a proxy that is solicited hereby has the power to revoke it prior to the voting of the proxy. Revocation may be made by attending the annual meeting and voting the shares of stock in person, or by delivering to the Secretary of the Company at the principal office of the Company prior to the annual meeting a written notice of revocation or a later-dated, properly executed proxy. Solicitation of proxies may be made by directors, officers and other employees of the Company by personal interview, telephone, facsimile transmittal or electronic communications. No additional compensation will be paid for any such services. This solicitation of proxies is being made by the Company which will bear all costs associated with the mailing of this proxy statement and the solicitation of proxies.

INTERNET AND ELECTRONIC AVAILABILITY OF PROXY MATERIALS

Under rules adopted by the United States Securities and Exchange Commission (the “SEC”), the Company is making this Proxy Statement and the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2013, as amended to date, available on the Internet instead of mailing a printed copy of these materials to each stockholder. Stockholders who received a Notice of Internet Availability of Proxy Materials (the “Notice”) by mail will not receive a printed copy of these materials other than as described below. Instead, the Notice contains instructions as to how stockholders may access and review all of the important information contained in the materials on the Internet, including how stockholders may submit proxies by telephone or over the Internet.

If you received the Notice by mail and would prefer to receive a printed copy of the Company’s proxy materials, please follow the instructions for requesting printed copies included in the Notice.

RECORD DATE

Stockholders of record at the close of business on October 15, 2014, will be entitled to receive notice of, to attend and to vote at the meeting.

ACTION TO BE TAKEN UNDER PROXY

Unless otherwise directed by the giver of the proxy, the persons named in the form of proxy, namely, Jeffrey M. Thompson, our Chief Executive Officer and President, and Joseph P. Hemon, our Chief Financial Officer, or either one of them who acts, will vote:

- FOR the election of the persons named herein as nominees for directors of the Company, for a term expiring at the 2015 annual meeting of stockholders (or until successors are duly elected and qualified);
- FOR the ratification of Marcum LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014; and
- According to their judgment, on the transaction of such matters or other business as may properly come before the meeting or any adjournments thereof.

Should any nominee named herein for election as a director become unavailable for any reason, it is intended that the persons named in the proxy will vote for the election of such other person in his stead as may be designated by the Board of Directors. The Board of Directors is not aware of any reason that might cause any nominee to be unavailable.

WHO IS ENTITLED TO VOTE; VOTE REQUIRED; QUORUM

As of October 15, 2014, there were 66,650,752 shares of common stock issued and outstanding, which constitute all of the outstanding capital stock of the Company. Stockholders are entitled to one vote for each share of common stock held by them.

A majority of the outstanding shares (33,325,377 shares), present in person or represented by proxy, will constitute a quorum at the meeting. For purposes of the quorum and the discussion below regarding the vote necessary to take stockholder action, stockholders of record who are present at the annual meeting in person or by proxy and who abstain, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, are considered stockholders who are present and entitled to vote and are counted towards the quorum.

Brokers holding shares of record for customers generally are not entitled to vote on "non-routine" matters, unless they receive voting instructions from their customers. As used herein, "uninstructed shares" means shares held by a broker who has not received voting instructions from its customers on a proposal. A "broker non-vote" occurs when a nominee holding uninstructed shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that non-routine matter. In connection with the treatment of abstentions and broker non-votes, the election of directors (Proposal No. 1) is considered "non-routine" matters. Accordingly, brokers are not entitled to vote uninstructed shares with respect to Proposal No. 1. The proposed ratification of Marcum LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014 (Proposal No. 2) is considered a "routine" matter. Accordingly, brokers are entitled to vote uninstructed shares only with respect to Proposal No. 2.

Under Delaware state law and provisions of the Company's Certificate of Incorporation and By-Laws, as amended, the vote required for the election of directors is a plurality of the votes of the issued and outstanding shares of common stock present in person or represented by proxy at the annual meeting of stockholders and entitled to vote on the election of directors. This means that the nominees who receive the most votes will be elected to the open director positions. Abstentions, broker non-votes and other shares that are not voted in person or by proxy will not be included in the vote count to determine if a plurality of shares voted are in favor of each nominee.

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS

Why am I receiving these materials?

Towerstream Corporation has made these materials available to you on the Internet or, upon your request, has delivered printed versions of these materials to you by mail, in connection with the Company's solicitation of proxies for use at the annual meeting of stockholders to be held on December 12, 2014 at 9:00 a.m. Eastern Standard Time at 88 Silva Lane, Tech IV, Middletown, Rhode Island. These materials describe the proposals on which the Company would like you to vote and also give you information on these proposals so that you can make an informed decision. We are furnishing our proxy materials on or about October 31, 2014 to all stockholders of record entitled to vote at the annual meeting.

What is included in these materials?

These materials include:

- this proxy statement for the annual meeting;
- the Company's annual report on Form 10-K for the fiscal year ended December 31, 2013, as filed with the SEC on March 17, 2014, and
- the Company's amendment to its annual report on Form 10-K/A for the fiscal year ended December 31, 2013, as filed with the SEC on April 30, 2014.

If you requested printed versions of these materials by mail, these materials also include the proxy card or the vote instruction form for the annual meeting.

What is the proxy card?

The proxy card enables you to appoint Jeffrey M. Thompson, our Chief Executive Officer and President, and Joseph P. Hemon, our Chief Financial Officer, as your representative at the annual meeting. By completing and returning a proxy card, you are authorizing these individuals to vote your shares at the annual meeting in accordance with your instructions on the proxy card. This way, your shares will be voted whether or not you attend the annual meeting.

What items will be voted on?

You are being asked to vote on these specific proposals:

- the election of the five nominated members of our Board of Directors; and
- the ratification of our independent registered public accounting firm, Marcum LLP, for the fiscal year ending December 31, 2014.

We will also transact any other business that properly comes before the annual meeting.

How does the Board of Directors recommend that I vote?

Our Board of Directors unanimously recommends that you vote your shares:

- FOR each of the five persons nominated for director; and
- FOR the ratification of our independent registered public accounting firm, Marcum LLP, for the fiscal year ending December 31, 2014.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, the Company has elected to provide access to its proxy materials over the Internet. Accordingly, the Company is sending the Notice to the Company's stockholders of record and beneficial owners. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages you to take advantage of the availability of the proxy materials on the Internet.

What does it mean if I receive more than one Notice?

You may have multiple accounts at the transfer agent and/or with brokerage firms. Please follow directions on each Notice to ensure that all of your shares are voted.

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to:

- view the Company's proxy materials for the annual meeting on the Internet;
- request hard copies of the materials; and
- instruct the Company to send future proxy materials to you electronically by email.

Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to you and will reduce the impact of the Company's annual meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Who can vote at the annual meeting of stockholders?

There were 66,650,752 shares of common stock outstanding on October 15, 2014. There are 40 stockholders of record. Beneficial owners hold their shares at brokerage firms and other financial institutions. Only stockholders of record at the close of business on October 15, 2014 are entitled to receive notice of, to attend, and to vote at the annual meeting. Each share is entitled to one vote. All shares of common stock shall vote together as a single class. Information about the stockholdings of our directors and executive officers is contained in the section of this proxy statement entitled "Security Ownership of Certain Beneficial Owners and Management."

What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

Most of our stockholders hold their shares in an account at a brokerage firm, bank or other nominee holder, rather than holding share certificates in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially in street name.

Stockholder of Record

If on October 15, 2014, your shares were registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered a stockholder of record with respect to those shares, and the Notice was sent directly to you by the Company. If you request printed copies of the proxy materials by mail, you will receive a proxy card. As the stockholder of record, you have the right to direct the voting of your shares by returning the proxy card to us. Whether or not you plan to attend the annual meeting, if you do not vote over the Internet, please complete, date, sign and return a proxy card to ensure that your vote is counted.

Beneficial Owner of Shares Held in Street Name

If on October 15, 2014, your shares were held in an account at a brokerage firm, bank, broker-dealer, or other nominee holder, then you are considered the beneficial owner of shares held in “street name,” and the Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As the beneficial owner, you have the right to direct that organization on how to vote the shares held in your account. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting unless you receive a valid proxy from the organization. If you request printed copies of the proxy materials by mail, you will receive a vote instruction form.

How do I vote?

Stockholders of Record. If you are a stockholder of record, you may vote by any of the following methods:

- *Via the Internet.* You may vote by proxy via the Internet by following the instructions provided in the Notice.
- *By Telephone.* If you request printed copies of the proxy materials by mail, you may vote by calling the toll free number found on the proxy card.
- *By Mail.* If you request printed copies of the proxy materials by mail, you may vote by completing, signing, dating and returning your proxy card in the pre-addressed, postage-paid envelope provided.
- *In Person.* You may attend and vote at the annual meeting. The Company will give you a ballot when you arrive.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters such as Proposal No. 2 but cannot vote on non-routine matters such as Proposal No.1. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a “broker non-vote.”

If you are a beneficial owner of shares held in street name, you may vote by any of the following methods:

- *Via the Internet.* You may vote by proxy via the Internet by following the instructions provided in the Notice.
- *By Telephone.* If you request printed copies of the proxy materials by mail, you may vote by proxy by calling the toll free number found on the vote instruction form.
- *By Mail.* If you request printed copies of the proxy materials by mail, you may vote by proxy by filling out the vote instruction form and returning it in the pre-addressed, postage-paid envelope provided.
- *In Person.* If you are a beneficial owner of shares held in street name and you wish to vote in person at the annual meeting, you must obtain a legal proxy from the organization that holds your shares.

What if I change my mind after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the annual meeting. You may vote again on a later date via the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the annual meeting will be counted), by signing and returning a new proxy card or a vote instruction form with a later date, or by attending the annual meeting and voting in person. However, your attendance at the meeting will not automatically revoke your proxy unless you vote again at the meeting or specifically request that your prior proxy be revoked by delivering to the Company's Secretary at 88 Silva Lane, Middletown, Rhode Island 02842 a written notice of revocation prior to the annual meeting.

Please note, however, that if your shares are held of record by an organization, you must instruct them that you wish to change your vote by following the procedures on the vote instruction form provided to you by the organization. If your shares are held in street name, and you wish to attend the annual meeting and vote at the annual meeting, you must bring to the annual meeting a legal proxy from the organization holding your shares, confirming your beneficial ownership of the shares and giving you the right to vote your shares.

How are proxies voted?

All valid proxies received prior to the annual meeting will be voted. All shares represented by a proxy will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions.

What happens if I do not give specific voting instructions?

Stockholders of Record. If you are a stockholder of record and you:

- indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board of Directors, or
- sign and return a proxy card without giving specific voting instructions,

then the proxy holders will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the annual meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters, such as the ratification of Marcum LLP as the Company's independent registered public accounting firm for the year ending December 31, 2014 (Proposal No. 2), but cannot vote on non-routine matters, which include the election of directors (Proposal No. 1).

Do I have dissenters' right of appraisal?

Holders of shares of our common stock do not have appraisal rights under Delaware Law or under the governing documents of the Company.

How many votes are required to elect the nominated persons to our Board of Directors?

The affirmative vote of a plurality of the votes cast at the meeting of the stockholders by the holders of shares of common stock entitled to vote in the election are required to elect each director. This means that the nominees who receive the most votes will be elected to the open director positions, to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified.

How many votes are required to ratify our independent public accountants?

The affirmative vote of a majority of the votes cast at the meeting of the stockholders by the holders of shares of common stock entitled to vote are required to ratify Marcum LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

Is my vote kept confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except:

- as necessary to meet applicable legal requirements;
- to allow for the tabulation and certification of votes; and
- to facilitate a successful proxy solicitation.

Occasionally, stockholders provide written comments on their proxy cards, which may be forwarded to the Company's management and the Board of Directors.

Do any of the Company's officers and directors have any interest in matters to be acted upon?

Except for the election to our Board of Directors of the five nominees, none of our officers or directors has any interest in any of the matters to be acted upon at the annual meeting.

Where do I find the voting results of the annual meeting?

We will announce voting results at the annual meeting and also in our Current Report on Form 8-K, which we anticipate filing by December 18, 2014.

Who can help answer my questions?

You can contact our corporate headquarters at Towerstream Corporation, 88 Silva Lane, Middletown, RI 02842, by phone at 401-848-5848 or by sending a letter to Joseph P. Herson, our Secretary, with any questions about any proposal described in this proxy statement or how to execute your vote.

Directorships

Except as otherwise reported above, none of our directors held directorships in other reporting companies or registered investment companies at any time during the past five years.

Family Relationships

Except for Howard L. Haronian, M.D. and Philip Urso, who are cousins, there are no family relationships among our directors or executive officers.

Involvement in Certain Legal Proceedings

To our knowledge, during the last ten years, none of our directors and executive officers (including those of our subsidiaries) has:

- Had a bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time.
- Been convicted in a criminal proceeding or been subject to a pending criminal proceeding, excluding traffic violations and other minor offenses.
- Been subject to any order, judgment or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities or banking activities.
- Been found by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission (the “SEC”), or the Commodities Futures Trading Commission to have violated a federal or state securities or commodities law, and the judgment has not been reversed, suspended or vacated.
- Been the subject to, or a party to, any sanction or order, not subsequently reversed, suspended or vacated, of any self-regulatory organization, any registered entity, or any equivalent exchange, association, entity or organization that has disciplinary authority over its members or persons associated with a member.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) requires our executive officers and directors, and persons who beneficially own more than 10% of our equity securities, to file reports of ownership and changes in ownership with the SEC. Based solely on our review of copies of such reports and representations from our executive officers and directors, we believe that our executive officers and directors complied with all Section 16(a) filing requirements during the year ended December 31, 2013.

Board Leadership Structure and Risk Oversight

Currently, the positions of Chief Executive Officer and Chairman of the Board are held by two different individuals. Jeffrey M. Thompson currently serves as President, Chief Executive Officer and as a member of the Board and Philip Urso serves as Chairman of the Board. Although no formal policy currently exists, the Board determined that the separation of these positions would allow Mr. Thompson to devote his time to the daily execution of the Company’s business strategies and Mr. Urso to devote his time to the long-term strategic direction of the Company.

Our Audit Committee is primarily responsible for overseeing our risk management processes on behalf of our Board. The Audit Committee receives and reviews periodic reports from management, auditors, legal counsel, and others, as considered appropriate regarding our Company's assessment of risks. In addition, the Audit Committee reports regularly to the full Board which also considers our risk profile. The Audit Committee and the full Board focus on the most significant risks facing our Company and our Company's general risk management strategy, and also ensure that risks undertaken by our Company are consistent with the Board's tolerance for risk. While the Board oversees our Company's risk management, management is responsible for day-to-day risk management processes. We believe this division of responsibilities is the most effective approach to address the risks facing our Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related parties can include any of our directors or executive officers, certain of our stockholders and their immediate family members. Each year, we prepare and require our directors and executive officers to complete Director and Officer Questionnaires identifying any transactions with us in which the officer or director or their family members have an interest. This helps us identify potential conflicts of interest. A conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with the interests of the Company as a whole. Our code of ethics and business conduct requires all directors, officers and employees who may have a potential or apparent conflict of interest to immediately notify our Audit Committee of the Board of Directors, which is responsible for considering and reporting to the Board any questions of possible conflicts of interest of Board members. Our code of ethics and business conduct further requires pre-clearance before any employee, officer or director engages in any personal or business activity that may raise concerns about conflict, potential conflict or apparent conflict of interest. Copies of our code of ethics and business conduct and the Audit Committee charter are posted on the corporate governance section of our website at www.towerstream.com.

At no time during the last two fiscal years has any executive officer, director or any member of these individuals' immediate families, any corporation or organization with whom any of these individuals is an affiliate or any trust or estate in which any of these individuals serves as a trustee or in a similar capacity or has a substantial beneficial interest been indebted to the Company or was involved in any transaction in which the amount exceeded \$120,000 and such person had a direct or indirect material interest.

In evaluating related party transactions and potential conflicts of interest, our Chief Financial Officer and/or Chairman of the Audit Committee apply the same standards of good faith and fiduciary duty they apply to their general responsibilities. They will approve a related party transaction only when, in their good faith judgment, the transaction is in the best interest of the Company.

Director Independence

We believe that each of William J. Bush, Howard L. Haronian, M.D., and Paul Koehler are independent directors, as provided in NASDAQ Marketplace Rule 5605(a)(2).

Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF ITS NOMINEES.

Board Committees

Since January 2007, the standing committees of our Board consist of an Audit Committee, a Compensation Committee and a Nominating Committee. Each member of our committees is “independent” as such term is defined under and required by the federal securities laws and the rules of the NASDAQ Stock Market. The charters of each of the committees have been approved by our Board and are available on our website at www.towerstream.com.

Audit Committee

The Audit Committee is comprised of three directors: William J. Bush, Howard L. Haronian, M.D., and Paul Koehler. Mr. Bush is the Chairman of the Audit Committee. The Audit Committee’s duties include recommending to our Board the engagement of independent auditors to audit our financial statements and to review our accounting and auditing principles. The Audit Committee reviews the scope, timing and fees for the annual audit and the results of audit examinations performed by independent public accountants, including their recommendations to improve our system of accounting and our internal control over financial reporting. The Audit Committee oversees the independent auditors, including their independence and objectivity. However, the committee members are not acting as professional accountants or auditors, and their functions are not intended to duplicate or substitute for the activities of management and the independent auditors. The Audit Committee is empowered to retain independent legal counsel and other advisors as it deems necessary or appropriate to assist the Audit Committee in fulfilling its responsibilities, and to approve the fees and other retention terms of the advisors. Each of our Audit Committee members possesses an understanding of financial statements and generally accepted accounting principles. The Board has determined that Mr. Bush is an “audit committee financial expert” as defined in Item 407(d)(5)(ii) of Regulation S-K. The designation of Mr. Bush as an “audit committee financial expert” will not impose on him any duties, obligations or liability that are greater than those that are generally imposed on him as a member of our Audit Committee and Board, and his designation as an “audit committee financial expert” will not affect the duties, obligations or liability of any other member of our Audit Committee or Board.

Compensation Committee

The Compensation Committee is comprised of two directors: Howard L. Haronian, M.D., and William J. Bush. Dr. Haronian is the Chairman of the Compensation Committee. The Compensation Committee has certain duties and powers as described in its charter, including but not limited to periodically reviewing and approving our salary and benefits policies, compensation of executive officers, administering our stock option plans and recommending and approving grants of stock options under such plans.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is an officer or employee of our Company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or Compensation Committee.

Nominating Committee

The Nominating Committee is comprised of two directors: Howard L. Haronian, M.D., and Paul Koehler. Dr. Haronian is Chairman of the Nominating Committee. The Nominating Committee considers and makes recommendations on matters related to the practices, policies and procedures of the Board and takes a leadership role in shaping our corporate governance. As part of its duties, the Nominating Committee assesses the size, structure and composition of the Board and its committees, and coordinates the evaluation of Board performance. The Nominating Committee also acts as a screening and nominating committee for candidates considered for election to the Board.

Director Nominations

Part of our Nominating Committee's duties is to screen and nominate candidates considered for election to our Board. In this capacity, it concerns itself with the composition of the Board with respect to depth of experience, balance of professional interests, required expertise and other factors. The Nominating Committee evaluates prospective nominees identified on its own initiative or referred to it by other Board members, management, stockholders or external sources and all self-nominated candidates. The Nominating Committee uses the same criteria for evaluating candidates nominated by stockholders and self-nominated candidates as it does for those proposed by other Board members, management and search companies.

The Nominating Committee values diversity as a factor in selecting individuals nominated to serve on the Board. Although the Board prefers a mix of backgrounds and experience among its members, it does not follow any ratio or formula to determine the appropriate mix, nor is there any specific policy on diversity. The Nominating Committee uses its judgment to identify nominees whose backgrounds, attributes and experiences, taken as a whole, will contribute to a high standard of service for the Board.

Meetings of the Board of Directors and Committees

During the fiscal year ended December 31, 2013, the Board held eight meetings and acted by written consent on one occasion, the Audit Committee held four meetings, the Compensation Committee held five meetings, and the Nominating Committee held one meeting. Each incumbent director attended or participated in all of the meetings of the Board and the Committees on which he served during the fiscal year, except that one director was not in attendance at one of the meetings of the Board of Directors and one director was not in attendance at one of the meetings of the Audit Committee.

Policy Regarding Attendance at Annual Meetings of Stockholders

Our Board has adopted a policy which states that each director is expected to attend annual meetings of its stockholders. Last year, all of our directors attended the annual meeting of stockholders. We expect that all of our directors will attend this year's annual meeting.

The Compensation Committee has reviewed and discussed the following Compensation Discussion and Analysis with management. Based on this review and these discussions, the Compensation Committee recommended to the Board of Directors that the following Compensation Discussion and Analysis be included in this Proxy Statement.

Submitted by the Compensation Committee

Howard L. Haronian, M.D., Chairman

William J. Bush

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our named executive officers for 2013 should be read together with the compensation tables and related disclosures set forth below.

We believe our success depends on the continued contributions of our named executive officers. Personal relationships and experience are very important in our industry. Our named executive officers are primarily responsible for many of our critical business development relationships. The maintenance of these relationships is critical to ensuring our future success as is experience in managing these relationships. Therefore, it is important to our success that we retain the services of these individuals and prevent them from competing with us should their employment with us terminate.

General Philosophy

Our overall compensation philosophy is to provide an executive compensation package that enables us to attract, retain and motivate executive officers to achieve our short-term and long-term business goals. The goals of our compensation program are to align remuneration with business objectives and performance, and to enable us to retain and competitively reward executive officers who contribute to the long-term success of the Company. We attempt to pay our executive officers competitively in order that we will be able to retain the most capable people in the industry. In making executive compensation and other employment compensation decisions, the Compensation Committee considers achievement of certain criteria, some of which relate to our performance and others of which relate to the performance of the individual employee. Awards to executive officers are based on achievement of Company and individual performance criteria.

The Compensation Committee will evaluate our compensation policies on an ongoing basis to determine whether they enable us to attract, retain and motivate key personnel. To meet these objectives, the Compensation Committee may from time to time increase salaries, award additional stock grants or provide other short and long-term incentive compensation to executive officers and other employees.

Compensation Program & Forms of Compensation

We provide our executive officers with a compensation package consisting of base salary, bonus, equity incentives and participation in benefit plans generally available to other employees. In setting total compensation, the Compensation Committee considers individual and company performance, as well as market information regarding compensation paid by other companies in our industry.

Base Salary. Salaries for our executive officers are initially set based on negotiation with individual executive officers at the time of recruitment and with reference to salaries for comparable positions in the industry for individuals of similar education and background to the executive officers being recruited. We also consider the individual's experience, reputation in his industry and expected contributions to the Company. Base salary is continuously evaluated by competitive pay and individual job performance. In each case, we take into account the results achieved by the executive, his future potential, scope of responsibilities and experience, and competitive salary practices. At times, our executive officers have elected to take less than market salaries. These salaries were subject to increases to base salary that is comparable with his role and responsibilities when compared to companies of comparable size in similar locations.

Bonuses. We design our bonus programs to be both affordable and competitive in relation to the market. Our bonus program is designed to motivate employees to achieve overall goals. Our programs are designed to avoid entitlements, to align actual payouts with the actual results achieved and to be easy to understand and administer. The Compensation Committee and the executive officer work together to establish targets and goals for the executive officer. Upon completion of the fiscal year, the Compensation Committee assesses the executive officer's performance and with input from management determines the achievement of the bonus targets and the amount to be awarded within the parameters of the executive officer's agreement with us.

Equity-Based Rewards

We design our equity programs to be both affordable and competitive in relation to the market. We monitor the market and applicable accounting, corporate, securities and tax laws and regulations, and adjust our equity programs as needed. Stock options and other forms of equity compensation are designed to reflect and reward a high level of sustained individual performance over time. We design our equity programs to align employees' interests with those of our stockholders.

Timing of Equity Awards

The Board has authorized the Compensation Committee to approve stock option grants to our executive officers. Stock options are generally granted at scheduled meetings of the Compensation Committee. The exercise price of a newly granted option is the closing price of our common stock on the date of grant.

Benefits Programs

We design our benefits programs to be both affordable and competitive in relation to the market while conforming with local laws and practices. We monitor the market, local laws and practices and adjust our benefits programs as needed. We design our benefits programs to provide an element of core benefits, and to the extent possible, offer options for additional benefits, and balance costs and cost sharing between us and our employees.

Tax and Accounting Considerations

In the review and establishment of our compensation programs, we consider the anticipated accounting and tax implications to us and our executives.

Section 162(m) of the Internal Revenue Code imposes a limit on the amount of compensation that we may deduct in any one year with respect to our chief executive officer and each of our next four most highly compensated executive officers, unless certain specific and detailed criteria are satisfied. Performance-based compensation, as defined in the Internal Revenue Code, is fully deductible if the programs are approved by stockholders and meet other requirements. We believe that grants of equity awards under our incentive-based equity option plans may qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting us to receive a federal income tax deduction, if applicable, in connection with such awards. In general, we have determined that we will not seek to limit executive compensation so that it is deductible under Section 162(m). However, from time to time, we monitor whether it might be in our interests to structure our compensation programs to satisfy the requirements of Section 162(m). We seek to maintain flexibility in compensating our executives in a manner designed to promote our corporate goals and therefore our Compensation Committee has not adopted a policy requiring all compensation to be deductible. Our Compensation Committee will continue to assess the impact of Section 162(m) on our compensation practices and determine what further action, if any, is appropriate.

Role of Executives in Executive Compensation Decisions

The Board and our Compensation Committee generally seek input from our executive officers when discussing the performance of, and compensation levels for, executives. The Compensation Committee also works with our Chief Executive Officer and our Chief Financial Officer to evaluate the financial, accounting, tax and retention implications of our various compensation programs. None of our executives participates in deliberations relating to his compensation.

2013 Bonus Payments

Mr. Thompson. Mr. Thompson was awarded bonus payments of an aggregate of \$297,500 in recognition of services performed during 2013. The bonus payments of \$297,500 constituting approximately 90% of Mr. Thompson's salary, were awarded on a discretionary basis by our Compensation Committee. The 90% payout ratio exceeds the stated plan ratio of 75% established by the Compensation Committee. In 2013, the Compensation Committee migrated to a simplified process of awarding executive bonuses, in part as a result of the departure of the Company's Chief Operating Officer during the fourth quarter of 2012 and the additional responsibilities assumed by both the Chief Executive Officer and the Chief Financial Officer. The Compensation Committee awarded these bonuses as a result of Mr. Thompson's contributions in 2013 in assisting the Company towards achieving its financial and operational goals, which included a public offering and an acquisition in the first quarter of 2013 and the execution of a Wi-Fi lease with a major cable operator in the second quarter of 2013.

Mr. Hemon. Mr. Hemon was awarded bonus payments of an aggregate of \$170,000 in recognition of services performed during 2013. The bonus payments of \$170,000, constituting approximately 68% of Mr. Hemon's salary, were awarded in part on a discretionary basis by our Compensation Committee. The 68% payout ratio exceeds the stated offer letter ratio of 58% established by the Board. In 2013, the Compensation Committee migrated to a simplified process of awarding executive bonuses, in part as a result of the departure of the Company's Chief Operating Officer during the fourth quarter of 2012 and the additional responsibilities assumed by both the Chief Executive Officer and the Chief Financial Officer. The Compensation Committee awarded these bonuses as a result of Mr. Hemon's contributions in 2013 in assisting the Company towards achieving its financial and operational goals, which included a public offering and an acquisition in the first quarter of 2013 and the execution of a Wi-Fi lease with a major cable operator in the second quarter of 2013.

See "Employment Agreements and Change-in-Control Agreements" below for a discussion of our employment agreement with Mr. Thompson and our employment arrangement with Mr. Hemon.

2014 Bonus Criteria

Bonus criteria for our executive officers has historically been based on certain performance-related targets including revenue and adjusted EBITDA and awarded on a quarterly basis after an analysis against the targets. The Compensation Committee issued one bonus to the executive officers in July 2014 which was based on the achievement of certain demonstrated milestones. In 2014, the Compensation Committee did not adopt a formal plan for bonus distribution and has not awarded any bonuses based on historical metrics. In 2015, the Compensation Committee will reevaluate the bonus program based on company performance and other relevant factors and adopt a new plan if it deems it is appropriate.

Compensation Risk Management

We have considered the risk associated with our compensation policies and practices for all employees, and we believe we have designed our compensation policies and practices in a manner that does not create incentives that could lead to excessive risk taking that would have a material adverse effect on us.

The Role of Stockholder Say-on-Pay Votes

The Company provides its stockholders with the opportunity to cast an advisory vote on executive compensation (a “say-on-pay proposal”). The Compensation Committee will consider the outcome of the Company’s say-on-pay votes when making future compensation decisions for the named executive officers.

- (12) Such option vests as to one-third of the shares subject to the option annually, commencing June 2, 2009.

- (13) Such option was granted in six tranches of 16,000 options and each tranche begins vesting sequentially based on the closing of the next six acquisitions by the Company.

The first tranche began vesting on December 2, 2011 when the Company completed the acquisition of Color Broadband. One-third of the first tranche vested on the one year anniversary (December 2, 2012) with the remaining two-thirds vesting ratably on a quarterly basis over the following two years (through December 2, 2014).

The second tranche began vesting on February 28, 2013 when the Company completed the acquisition of Delos Internet. One-third of the first tranche will vest on the one year anniversary (February 28, 2014) with the remaining two-thirds vesting ratably on a quarterly basis over the following two years (through February 28, 2016).

The remaining four tranches will vest in the same manner based on when the remaining four acquisitions are completed. The vesting of the remaining four tranches will begin only when the Company completes each subsequent acquisition.

- (14) Such option was granted in six tranches and each tranche begins vesting sequentially based on the execution of the next six backhaul contracts executed by the Company. The vesting of each tranche begins only when a backhaul contract is executed for that respective tranche. The first tranche was for 20,000 options and the remaining five tranches were for 12,500 options each. Each tranche vests on a quarterly basis over the two year period following the date on which each respective backhaul contract is executed.

The first tranche of 20,000 options began vesting on March 29, 2012 when the Company executed a backhaul contract with a national wireless carrier.

The second tranche of 12,500 options began vesting on April 30, 2012 when the Company executed its second backhaul contract with a national wireless carrier.

The third tranche of 12,500 options began vesting on June 26, 2013 when the Company executed its third backhaul contract with a major cable operator.

(15) Such option vests as to one-fifth of the shares subject to the option annually, commencing June 3, 2014.

Employment Agreements and Change-in-Control Agreements

In December 2007, we entered into an employment agreement with Jeffrey M. Thompson, our principal executive officer, which was amended in December 2011. Pursuant to the terms of the amended agreement, Mr. Thompson serves as our chief executive officer and president for a period of two years, with automatic one-year renewals, subject to either party electing not to renew. Mr. Thompson's base salary under the amended agreement is \$330,000 per annum. Effective February 5, 2014, Mr. Thompson's base salary was increased to \$363,000. Under his initial employment agreement, Mr. Thompson's base salary was \$225,000 which was subsequently adjusted to \$248,063 effective January 1, 2010 and to \$300,000 effective December 16, 2010. Mr. Thompson is eligible for an annual bonus of up to 75% of his base salary, as determined by our Board. Under the amended agreement, Mr. Thompson was awarded special bonuses totaling \$75,000, which included (i) \$25,000 on the effective date of the amended agreement, (ii) \$25,000 related to the closing of the acquisition of Color Broadband and (iii) \$25,000 upon the execution of an agreement with a large technology company. In addition, we will pay 100% of all costs associated with Mr. Thompson's employee benefits, including without limitation, health insurance.

If Mr. Thompson's employment is terminated (i) by us without "cause," (ii) by him for "good reason" or (iii) by us within two years of a "change of control" (as such terms are defined in the agreement), then (a) we will be required to pay Mr. Thompson twenty-four months base salary in monthly installments, (b) any unvested options to purchase shares of our common stock would immediately vest and become exercisable and any restrictions on restricted stock would immediately lapse, and (c) we must continue to provide employee benefits, including health insurance, for a period of five years following such termination.

During Mr. Thompson's employment with us, and for a period of twelve months following his termination (the "Restricted Period"), except for a termination by Mr. Thompson for "good reason," he is prohibited from engaging in any line of business in which we were engaged or had a formal plan to enter during the period of his employment with us. We will continue to pay Mr. Thompson his base salary then in effect, in accordance with our customary payroll practices for the duration of any such Restricted Period in the event that Mr. Thompson's employment is terminated voluntarily by him, except for "good reason," or by us for "cause."

In May 2008, Joseph P. Hemon joined the Company as Chief Financial Officer. His employment offer provided for a base annual salary of \$190,000 and bonus payments up to 58% of base salary, as determined by the Board. Effective April 1, 2010, Mr. Hemon’s base salary was increased to \$199,500. Effective December 16, 2010, Mr. Hemon’s base salary was increased to \$225,000. Effective April 1, 2012, Mr. Hemon’s base salary was increased to \$250,000. Effective February 5, 2014, Mr. Hemon’s base salary was increased to \$275,000. Upon joining the Company, Mr. Hemon was granted options to purchase 150,000 shares of common stock at an exercise price of \$1.45 per share, vesting in three annual installments commencing upon the first anniversary of the grant. He has received subsequent awards and is eligible to receive additional stock-based awards at the discretion of the Board and as provided under the Company’s stock-based incentive plans. The Company pays 100% of Mr. Hemon’s health insurance. He is also eligible to participate in the Company’s health and other employee benefit plans. Mr. Hemon is an employee at will.

The Audit Committee has the ability to appoint Marcum LLP under the Company’s Audit Committee charter even if not approved by our stockholders.

A representative of Marcum LLP is expected to be present at the annual meeting and will have an opportunity to make a statement if he desires to do so. It is also expected that such representative will be available to respond to appropriate questions.

The 2012 amount has been adjusted to reflect actual expenses incurred, as compared to the previous amount reported of \$227,179 which included estimates for certain invoices.

Administration of the Engagement; Pre-Approval of Audit and Permissible Non-Audit Services

Before the independent registered public accounting firm is engaged by the Company to perform audit or permissible non-audit services, the engagement is approved by the Audit Committee. These services may include audit services, audit-related services, tax services and other services. The Audit Committee may establish, either on an ongoing or case-by-case basis, pre-approval policies and procedures providing for delegated authority to approve the engagement of the independent registered public accounting firm, provided that the policies and procedures are detailed as to the particular services to be provided, the Audit Committee is informed about each service, and the policies and procedures do not result in the delegation of the Audit Committee's authority to management. In accordance with these procedures, the Audit Committee pre-approved all services performed by Marcum LLP during 2013.

Required Vote

Ratification of the appointment of Marcum LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014 requires the affirmative vote of the majority of the votes cast at the annual meeting.
